City, State, Zip Waseca, MN 56093

In accordance with our agreement, Core Distinction Group, LLC. has completed a Comprehensive Hotel Market Feasibility Study to determine if Waseca, MN has the potential to support a new hotel. In addition, the aforementioned study includes a complete Pro Forma based on construction costs and operating costs provided by the brand(s) requested by you.

As in all studies of this type, the estimated results are based upon competent and efficient management and an effective marketing program and presume no significant change in the competitive position of the hotel industry from that set forth in this report. We have no responsibility to update this report for events and circumstances occurring after completion of our research conducted in September & October 2023. These projections are based upon estimates, assumptions and other information developed from our research and we do not warrant that they will be attained. We do not consider the legal and regulatory requirements applicable to this project, including zoning, permits, licenses and other state and local government regulations.

This report has been prepared for your use and guidance in determining whether hotel development should be pursued in your community and to share with developers, hotel franchise companies, and potential lenders/investors. Neither our name nor the material submitted may be used in any prospectus or used in offerings or representations in connection with the sale of securities or participation interests without our express written permission.

Please do not hesitate to call if Core Distinction Group can be of any further assistance in the interpretation and application of our findings, recommendations and conclusions. We appreciate the cooperation you extended to us during the course of our agreement and look forward to working with you again in the future.

Sincerely,

Jessica Junker Partner

#### Introduction

The following Comprehensive Lodging Feasibility Study Report will review the potential development of a hotel in Waseca, MN.

Intended Use - This report is to be used by the Client for determining feasibility and attracting a new hotel.

Intended User - Waseca, MN is the only intended user for this report.

Core Distinction Group LLC (CDG) has been engaged to provide this Comprehensive Lodging Feasibility Study Report for the Waseca, MN market area. This Lodging Feasibility Study provides an overview of information concerning the market area and the factors that would affect the possible development of a hotel facility in this community.

The consultant from Core Distinction Group LLC met with representatives of the community and the surrounding area to gather information pertinent to hotel development. Comprehensive research was performed and reviewed regarding the community's economic indicators, competitive lodging supply, and lodging demand generators. CDG performed field research to determine the relationship between the community and it's lodging need. Economic indicators were studied to determine the stability and future growth potential of the general market. The research was conducted as a macro and micro market analysis of the Waseca, MN and the areas immediately surrounding area to determine their viability to support the potential of a hotel development.

This report will present projections for stabilized hotel operation based upon current operating performance in the market area. Occupancy, Average Daily Room Rate, and Sales Revenue projections for the hotel were based upon a detailed review of the field research data. Also, recommendations as to the property type, suggested property size, services, and amenities were included. These projections and recommendations were based upon the market demand research for a potential lodging facility.

This report provides statistical and highlighted narratives to support the conclusions regarding the market area and it's ability to support potential hotel development.

General Assumptions - For the purpose of this assignment, we assumed the proposed property will be operated as an upper-mid scaled to upper scaled, franchised hotel with a central reservations system that is fully-integrated with a recognized marketing platform. If this or any of the following are not followed, it could affect the overall feasibility of subject property.

#### Introduction (continued)

Operational Assumptions - For the purpose of this assignment, we assume the subject property would be managed by a professional hotel management company at an industry standard fee between five and seven percent.

Franchise Fees - For the purpose of this assignment, we assume the subject property would pay franchise fees quoted to Core Distinction Group, LLC by either the developer or franchise representative. In the event that Core Distinction Group is not able to receive a quote, fees will be based on the franchise's registered Franchise Disclosure Document.

# **Community Overview**

For the purpose of this Comprehensive Hotel Market Feasibility Study, Core Distinction Group, LLC representatives gathered information and history about the market to give readers a brief summary. This section offers that Community Overview.

#### Community Overview and History

Waseca, Minnesota is a charming and historic city located in the southern part of the state. Situated in Waseca County, approximately 75 miles south of the Twin Cities, Minneapolis, and St. Paul. It is nestled in the heart of the Minnesota River Valley, which offers breathtaking natural beauty with rolling hills, lakes, and farmland.

Waseca has a fascinating history that dates back to its founding in the mid-19th century. The city's name is derived from the Dakota Sioux word "Waseca," which means "rich" or "fertile." It was initially settled as a milling and farming community, and its historical downtown area still retains much of its old-world charm.

Agriculture has played a significant role in Waseca's economy throughout its history, with a focus on corn and soybean farming. In recent years, the city has diversified its economy to include manufacturing, healthcare, and education sectors, making it a hub for employment opportunities in the region.

Waseca is home to the renowned Waseca Public Schools, which provide excellent educational opportunities for students. The community also hosts the Minnesota State Southern Agricultural Center of Excellence (SACOE), contributing to the agricultural education and research in the region.

The city's natural surroundings make it an ideal destination for outdoor enthusiasts. Waseca is home to several parks, including Clear Lake Park and Loon Lake Park, where residents and tourists can enjoy activities such as hiking, picnicking, fishing, and boating.

Waseca is known for its strong sense of community and hosts a range of annual events, including the Sleigh and Cutter Festival, which celebrates the city's history and winter traditions, and the Waseca County Fair, a popular summer event that draws visitors from across the region.

With its friendly atmosphere, low crime rate, and affordable housing options, Waseca offers a high quality of life for its residents. It's a close-knit community that takes pride in its heritage while embracing modern opportunities for growth and development.

In summary, Waseca, Minnesota, is a thriving city with a rich history, a diverse economy, and a strong sense of community. Its beautiful natural surroundings, cultural offerings, and commitment to education make it an attractive place to live and visit in southern Minnesota. Whether you're interested in exploring its history, enjoying outdoor activities, or becoming part of a welcoming community, Waseca has something to offer everyone.

#### **Executive Summary**

For the purpose of this Comprehensive Hotel Market Feasibility Study, an executive summary will provide an overview of the document to follow. The Executive Summary will contain the following information:

Methodology

Current Hotel Segment Recommendations for Market Studied

Current Hotel Size Recommendations for Market Studied

Current Hotel Room Configuration Recommendations for Market Studied

Current Economic Impact of Hotel for Market Studied

Further detailed information on findings from research analysis conducted will be highlighted throughout this report. Further detail on the projections and conclusions can be found in the Projections section of this report.

#### **Executive Summary**

It is the opinion of Core Distinction Group, that at the time of this study, the community of Waseca, Minnesota and the immediate surrounding areas within Waseca County, MN offers the current and future demand to support the proposed hotel development in this Comprehensive Hotel Market Feasibility Study. The conclusion and recommendations within this Comprehensive Hotel Market Feasibility Study was based on but not limited to the following criteria:

Overall Economic Condition of Community

Overall Market Demand Areas

Location of Proposed Property

Local Demand Generator Need

Lodging Demand in Community

Lodging Supply in Community

🎎 Trending Lodging Data of Current Lodging Supply

Impact of New Hotel Development on Current Lodging Supply

Cost of Construction of New Hotel Development

Potential Revenue of New Hotel Development

Cost of Operation of New Hotel Development

#### **Executive Summary (continued)**

Based on the information provided to Core Distinction Group at the time of researching the subject community, the following recommendations are made:

Property segment recommended for the potential development of a hotel is an Upper Midscale hotel. This type of hotel would allow the property to be positioned properly at the subject site. It is anticipated that a new hotel would capture displaced Lodging Demand currently staying in markets surrounding Waseca, MN. Additionally, the newness of the hotel should be well received in the marketplace. It's location will be ideal to serve Waseca and regional markets. This type of hotel would also be capable of adjusting rates to best fit the demand in the market and the seasonality of the area.

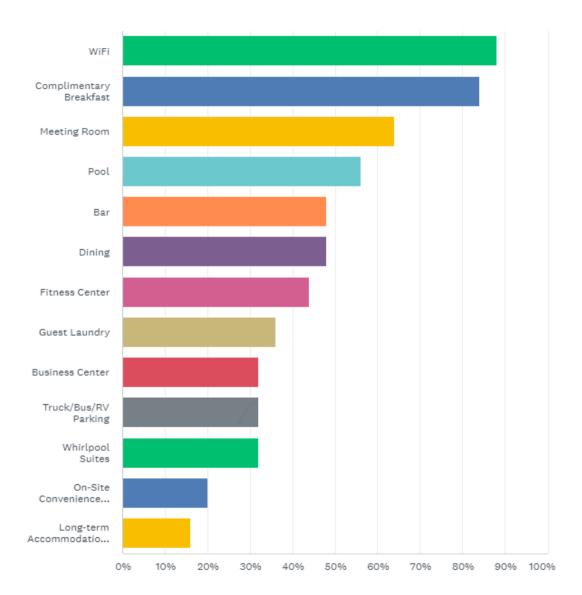

Property size recommendation of a newly developed hotel was researched to be between 45-55 guestrooms in this report. This would position it to be smaller in size to the average room size of 62-65 noted by the competitive set in the overall regional market surveyed. The size would assist the property in achieving the Occupancy projections listed in this report. It is not advisable to over-build in this market at this time. Expansion of the hotel in future years could be considered as the market's Lodging Demand grows. Adjusting the room count will modify Performance.

The recommended Sleeping Room Configuration should be compatible with the overall Market Segmentation of the area. The property should offer a comparable selection of guestrooms with both single occupancy king bedded rooms to double occupancy double queen bedded guestrooms.

Economic Impact Potential: There are multiple economic impacts of building and developing a new hotel in a community. Some direct impact drivers include projected hotel revenue including all room revenues, meeting room revenue, as well as vending/bar revenue. On average, this size property will create 8-12 full time jobs. Part-time employment varies by hotel need and hiring practices. Additional economic development will include taxes, which include all sales taxes collected on hotel revenue, as well as all payroll related taxes collected from full-time hotel employees and temporary construction workers. Local governments will also collect new property taxes from the operation of the hotel. Indirect impact includes all jobs and income generated by businesses that supply goods and services to the hotel. A few examples of businesses that will indirectly benefit from the development of a hotel include suppliers of room related goods (housekeeping supplies, room amenities, etc.), telecommunication vendors (internet, cable, etc.), utility companies, food and beverage suppliers, and other hotel related vendors.

# **Executive Summary**

**Property features, amenities, and services** of the hotel should satisfy the market it is attempting to attract. Standard features and amenities required for a proposed hotel in this market should include:

#### **Economic Overview**

For the purpose of this Comprehensive Hotel Market Feasibility Study, an Economic Overview will provide an overview of the economic condition of the market studied. The Economic Overview will contain the following information:

#### **Market Demand**

The economic vitality of the market and the surrounding markets or feeder markets, is an important consideration in forecasting lodging demand and future revenue potential. The market lodging demand area for a lodging facility is the geographical region where the sources of demand and the competitive supply are located. In the following document you will find a map of the estimated market lodging demand area for the subject market.

# Market Lodging Demand Area: (Focus Area of Sales Efforts of Additional Lodging)

Immediate Feeder Market

Secondary Feeder Market

<sup>\*\*</sup> Feeder Market = Outlying Community that feeds travelers into desired market (Sales Focus Area) Source: Google Maps; Core Distinction Group, LLC.

#### Site Analysis

For the purposes of this Comprehensive Hotel Market Feasibility Study, a representative with Core Distinction Group LLC evaluated all sites and, although a site has not yet been selected, we recommend that all the selected sites will be improved with a limited-service lodging facility. The potential locations are detailed in the following pages including analysis of each site.

Site Rating, Location, Land

Frontage, Topography, Drainage

Environmental Hazards, Ground Stability, Utilities

Parking, Easements/Encroachments/Restrictions

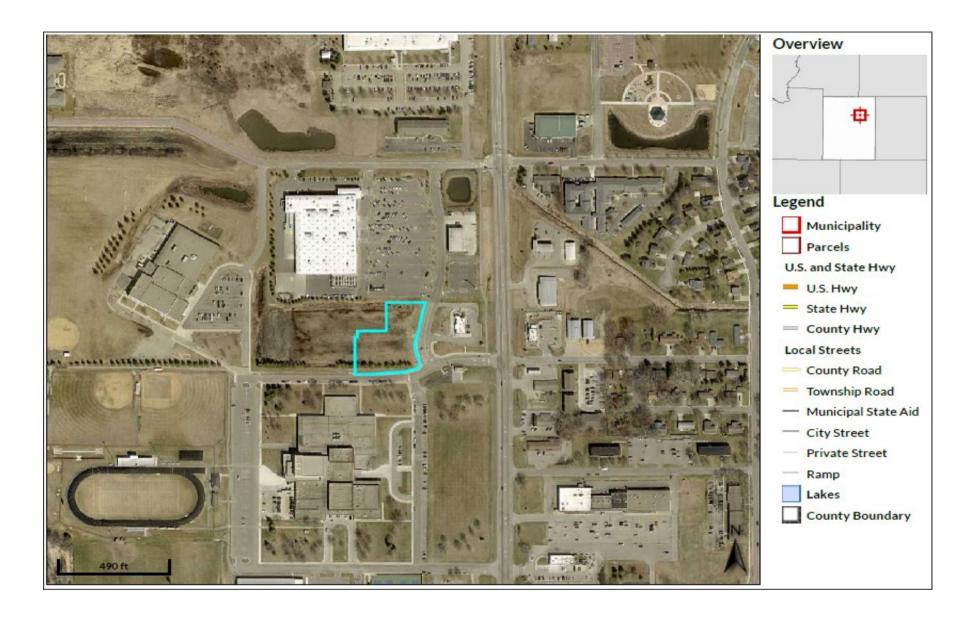

**Traffic Counts** 

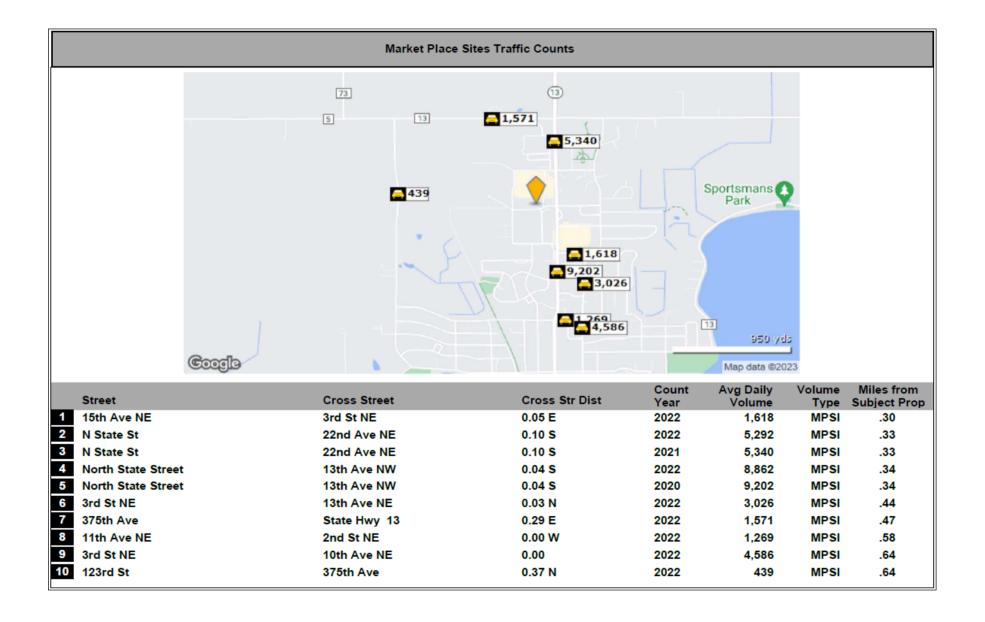

It is important to analyze the site with respect to regional and local transportation routes and demand generators, including ease of access. A detail of traffic information will follow the individual site information in this report.

| Marketplace Site          |     |    |    |   |   |
|---------------------------|-----|----|----|---|---|
| Visibility                | 1   | 2  | 3  | 4 | 5 |

### **Community Interviews**

A representative with Core Distinction Group LLC met with representatives of the community and the surrounding area to gather information pertinent to hotel development. In addition, Core Distinction Group, LLC conducted phone interviews and an online survey to better understand the overall market need. The research was conducted as a macro and micro market analysis of the market and areas immediately surrounding the area to determine their viability to support the potential of a hotel development. The following key points were discussed and analyzed for the purpose of this Comprehensive Hotel Market Feasibility Study:

Current and Potential Future Need for Lodging in the Market Studied

Current Hotel Being Utilized by Interviewee

Current Essential Amenities Being Utilized by Interviewee

Scale or Quality Preferences of Interviewees

### **Community Interview Question Summary**

During the research phase of this Comprehensive Hotel Market Feasibility Study, Core Distinction Group asked demand generators and leaders within the community all or some of the following \*questions:

Does your business or organization have a need for overnight accommodations?

If yes, what is the approximate weekly or monthly need?

Does your business or organization have a need for long-term or extended stay overnight accommodations?

If yes, what is the approximate length of stay and how many guests per month/year?

Where do you currently recommend these individuals to stay?

In your opinion, do you believe the community in question would benefit from a new, branded hotel?

If yes or no, please help us understand your stance on a new hotel. Why you do or do not feel it would benefit the community.

In your opinion, what amenities does this hotel offer that are important to your clients?

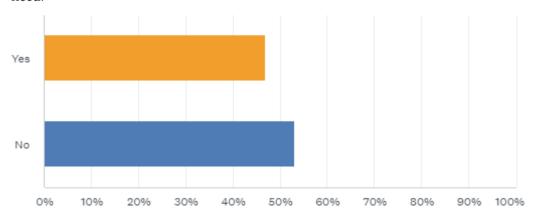

Do you have additional comments or contacts you would recommend we speak to?

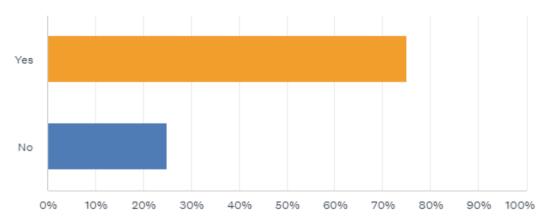

\*Questions are not limited to the above questions. Representatives from Core Distinction Group look to expand on each question, if needed, to identify all lodging needs in the community.

### Community Interviews Overall Key Responses

When Core Distinction Group asked individual businesses in the area if they had a need for new, quality accommodations in the community, 47% identified a specific need:

When Core Distinction Group asked individuals and businesses in the area if there is a need in Waseca, MN for a new hotel, nearly 75% stated yes:

### **Lodging Demand**

For the purposes of this Comprehensive Hotel Market Feasibility Study, it is important to understand the overall demand of lodging in the market as well as surrounding markets. This section reviews need in the areas based on the following market segments:

Market Segmentation Projection

**Employer Overview** 

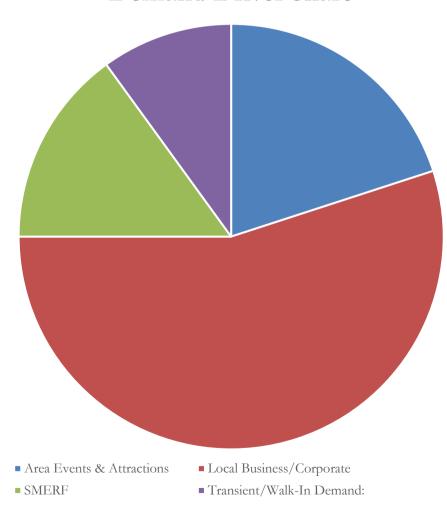

**Demand Generators and Attractions** 

In addition to a breakdown and overview of the market's lodging demand segmentation, this sections also details the sources of said lodging demand and in some cases, identifies when the demand peaks.

### Market Segmentation Projection for Waseca, MN are as follows:

| Local Business / Corporate Demand: | 55%  |
|------------------------------------|------|
| Area Events & Attractions:         | 20%  |
| SMERF Demand:                      | 15%  |
| Transient/Walk-In Demand:          | 10%  |
| Total Need:                        | 100% |

# **Demand Driver Share**

**SMERF Demand** - SMERF stands for social, military, education, religious and fraternal meetings. In communities where corporate meetings and business travelers keep hotels occupied on weekdays, SMERF business, which is predominantly weekend business, can fill rooms Friday through Sunday.

Corporate Demand - Corporate demand consists mainly of individual businesspeople passing through the subject market or visiting area businesses, in addition to high-volume corporate accounts generated by local firms. Brand loyalty (particularly frequent-traveler programs), as well as location and convenience with respect to businesses and amenities, influence lodging choices in this segment. Companies typically designate hotels as "preferred" accommodations in return for more favorable rates, which are discounted in proportion to the number of room nights produced by a commercial client. Corporate demand is strongest Monday through Thursday nights, declines significantly on Friday and Saturday, and increases somewhat on Sunday night. It is relatively constant throughout the year, with marginal declines in late December and during other holiday periods.

Area Events & Attractions/Leisure Demand: Leisure demand consists of individuals and families spending time in an area or passing through en route to other destinations. Travel purposes include sightseeing, recreation, or visiting friends and relatives. Leisure demand also includes room nights booked through Internet sites such as Expedia, Hotels.com, and Priceline; however, leisure may not be the purpose of the stay. This demand may also include business travelers and group and convention attendees who use these channels to take advantage of any discounts that may be available on these sites. Leisure demand is strongest on Friday and Saturday nights and all week during holiday periods and the summer months. These peak periods represent the inverse of commercial visitation trends, underscoring the stabilizing effect of capturing weekend and summer tourist travel.

Transient/Walk-In Demand: This demand can peak during any day of the week depending on the market. transient/walk-in demand is based on many factors including traffic through the area and potential overflow from feeder markets. This demand may include business and leisure travelers.

Identifying which segments have the potential to produce 80 percent of your hotel's revenue is imperative to the success of developing these segments to ensure hotel is achieving fair market share. This starts with understanding the market in which any given hotel operates. A fundamental understanding of the competitive environment, key economic drivers and historical trends are essential to understanding which market segments are relevant. At this time, the proposed hotel should experience the same Market Segmentation as the overall market. The proposed hotel in Waseca, MN would be the newest hotel in the immediate regional area and would be positioned to serve a wide variety of Lodging Demand. Also, as a proposed upper midscale hotel, it would be able to flex rates and services to accommodate a full range of Lodging Demand.

### Employer/Economy Overview:

Agriculture remains a vital part of Waseca's economy. The surrounding farmland is known for its production of corn and soybeans, contributing significantly to the region's agricultural output. Several local businesses support the thriving farming community.

Waseca has a robust manufacturing sector that plays a pivotal role in the city's economic landscape. The city is home to various manufacturing companies specializing in industries such as metal fabrication, machinery, and food processing. These businesses provide a substantial number of jobs for the local workforce and contribute to the city's economic stability.

The healthcare sector is another critical component of Waseca's economy. The Mayo Clinic Health System in Waseca is a prominent healthcare provider in the region, offering a wide range of medical services. This institution not only provides essential healthcare services to residents but also employs a significant portion of the local workforce.

Waseca boasts a variety of retail businesses, restaurants, and service providers that cater to the needs of its residents and visitors. The local retail sector includes grocery stores, clothing shops, and specialty stores, offering both convenience and choice to the community.

Small businesses are the backbone of Waseca's economy, with many entrepreneurs and locally owned establishments contributing to the city's character and economic diversity. These businesses encompass a wide range of industries, from boutique shops to professional services.

Given its strategic location along major transportation routes, Waseca has a role in the transportation and logistics sector. Warehousing and distribution centers facilitate the movement of goods within the region, creating jobs and supporting commerce.

In summary, Waseca, Minnesota, maintains a balanced and diversified economy that combines its agricultural heritage with a growing manufacturing sector, healthcare institutions, education opportunities, and a vibrant small business community. These economic pillars contribute to the city's stability and provide residents with employment opportunities across various industries. The city's economy continues to evolve, fostering growth and prosperity for its residents and businesses alike.

#### **Attractions & Demand Generators:**

**Clear Lake:** This 652-acre lake is located on the east side of Waseca along Highway 14. The very popular fishing lake provides a variety of species, including bluegills, crappies, bass, northern pike, and walleye. Bass are catch and release only.

Loon Lake: This 80-acre lake is located on the west side of Waseca along Highway 14. This shallow lake provides a variety of fish including bluegills, crappies, bass, northern pike, and bullhead.

Waseca Arts Center: This cultural hub hosts a variety of art exhibitions, performances, and workshops throughout the year. It's a great place to explore local artistic talent and engage with the creative community.

Waseca County Historical Society: Learn about the history of Waseca and the surrounding region at this museum. It features exhibits, artifacts, and educational programs that provide insight into the city's past.

**Schara Park:** This park hosts the Waseca Water Park, making it a great place for families to cool off during the summer months. It features water slides, pools, and other aquatic attractions.

Waseca Lakeside Club: Golf enthusiasts can enjoy a round of golf at this 18-hole public golf course, which offers beautiful views of Clear Lake.

**Sakatah Singing Hills State Trail:** While not located directly in Waseca, this nearby state trail is popular among cyclists, hikers, and nature enthusiasts. It stretches for over 39 miles and provides a scenic route through the countryside.

#### **Attractions & Demand Generators:**

Waseca Sleigh & Cutter Festival (Annually in January & February) is a fun escape from winter after the holidays are over. If you like horses, curling, ice sculptures and parades, this event is for you.

Waseca County Free Fair (Annually in July) The County Fair provides entertainment, education, agricultural experiences and information and sharing of ideas as well as a gathering place for the area public to enjoy and mingle with each other. The Midway will provide larger, more exciting rides for all ages and a wide variety of games of skill and chance, not to mention delicious food that will be added to our over 70 different foods currently at the fair.

Lakefest Music Festival (Annually in July) The elements add up to a wonderful way to spend the day. Friends and family gather in a terrific park setting just to relax, enjoy the entertainment and to be together. That's Lakefest. Everyone is welcome to share in the Fourth of July festivities at Waseca's beautiful Clear Lake Park. It is becoming a family tradition!

Waseca Garden Walk (Annually in July) Hosted by the Waseca Garden Club. Come spend the day in Waseca visiting specialty shops, enjoying our many restaurants and finding new ideas at the different gardens.

Annual Waseca Marching Classic (Annually in September) High school marching bands from around the region (Minnesota, Iowa, South Dakota, and Wisconsin) display their color and musical abilities in parade and field show competitions.

Farm America Fall Festival (Annually in September) Fun fall activities for the entire family. Take a tram ride, race through the corn maze and visit the historic farm site plus more.

### **Lodging Supply - Primary**

For the purposes of this Comprehensive Hotel Market Feasibility Study, the competitive set includes properties that were determined to be competitive with the proposed hotel based on either their location, brand affiliation, facilities and amenities offered, rate structure, community surveys, and/or market orientation. There are many instances where independent and/or economy hotels do not report to the reporting agency.

In some cases, Core Distinction Group must access data from surrounding or Secondary market hotels to obtain a Smith Travel Research (STR)/CoStar report. This can also include a Secondary Competitive Set. The following information will be presented in Lodging Supply:

**Property Map Overview** 

**Property Summary Reports**

### **Lodging Supply - Secondary**

For the purposes of this Comprehensive Hotel Market Feasibility Study, the competitive set includes properties that were determined to be competitive with the proposed hotel based on either their location, brand affiliation, facilities and amenities offered, rate structure, community surveys, and/or market orientation. There are many instances where independent and/or economy hotels do not report to the reporting agency.

In some cases, Core Distinction Group must access data from surrounding or Secondary market hotels to obtain a Smith Travel Research (STR)/CoStar report. This can also include a Secondary Competitive Set. The following information will be presented in Lodging Supply:

Property Map Overview

**Property Summary Reports** 

For the purposes of this Comprehensive Hotel Market Feasibility Study, the competitive set includes properties that were determined to be competitive with the proposed hotel based on either their location, brand affiliation, facilities and amenities offered, rate structure, community surveys, and/or market orientation.

Minnesota South Area is a large submarket, and contains around 10,000 rooms spread over 195 properties. Like the market, Minnesota South Area is characterized by small hotels and inns. The average hotel has 53 rooms, not far from the market average, but easily below the national norm of about 90 rooms per building.

With trailing 12-month occupancies at 52.0%, Minnesota South Area is within striking distance to the market average of 54.5% for the same period. This marks a significant recovery, as the COVID-19 shock severely impacted this submarket. Here, monthly occupancies fell to 22.1%, and annualized occupancy dropped to 37.4% in the initial wake of the pandemic.

As of August, twelve-month average RevPAR in the Minnesota South Area hotel submarket was climbing at an annual rate of 6.3%. That's in the green, if somewhat

below the 8.7% increase observed in the broader Minnesota market.

Minnesota South Area doesn't face supply-side pressures on occupancies or room rates in the nearterm. Nothing is under construction in the submarket itself, or even in the broader market. But the submarket has seen recent development. In the past three years, 2 projects containing around 170 rooms came on line. That development was offset somewhat by a number of demolitions, which took around 63 rooms off the market over the same timeframe.

Minnesota South Area houses a robust market for hotel investment, and recorded about 12 hotel trades over the past year—consistent with the number of trades that typically close in a given year.

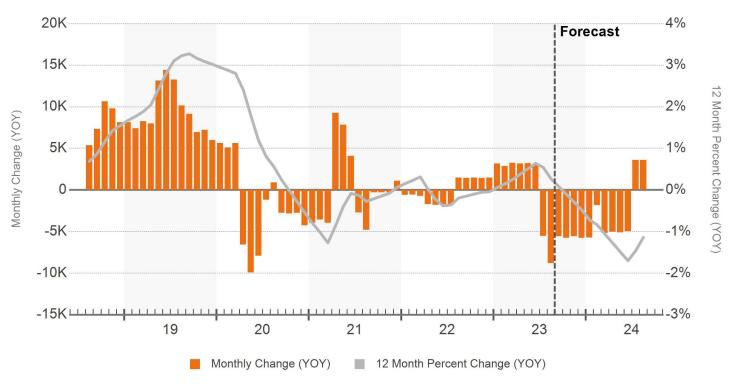

#### **KEY INDICATORS**

<sup>(1)</sup> For Annual P&L, the current year exchange rate is used for each year going back in time. This current year exchange rate is the average of all 12 monthly rates for that year.

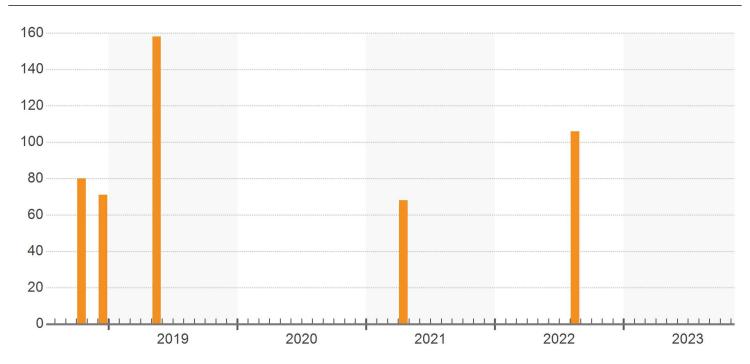

<sup>(2)</sup> Percentage of Revenues for departmental expenses (Rooms, Food & Beverage, and Other Departments) are based on their respective departmental revenues. All other expense percentages are based on Total Revenue.

<sup>(3)</sup> Labor costs are already included in the operating expenses above. Amounts shown in Total Labor Costs are for additional detail only.

## **Economic Impact Summary**

In this section of the report, Core Distinction Group has compiled a summary of what the potential direct and indirect economic impact could be for the proposed hotel development. This projection offers revenue and job creation information based on this hotel's recommendations stated throughout this report, as well as the occupancy and average rate projected.

## **Direct Economic Impact**

When considering the potential Direct Economic Impact of a new hotel in the community, you look at the direct tax revenue the community is gaining from the project. This takes into consideration Lodging/Bed Taxes when applicable, Sales Taxes and Real Estate Taxes. Below you will find the estimated tax revenue of this project broken down in each category:

| Sales Tax Revenue Per Year |           |  |  |  |
|----------------------------|-----------|--|--|--|
| Year                       | Sales Tax |  |  |  |
| Ramp Up Year               | \$116,530 |  |  |  |
| Year One                   | \$136,069 |  |  |  |
| Year Two                   | \$144,224 |  |  |  |
| Year Three                 | \$152,872 |  |  |  |
| Year Four                  | \$162,042 |  |  |  |
| Year Five                  | \$168,494 |  |  |  |

Based on the minimum combined 2023 sales tax rate for Waseca, Minnesota is 7.375% This is the total of state, county and town sales tax rates. State of Minnesota 6.875%, Waseca County .5%, and city of Waseca 0%.

| Lodging/Bed Tax Revenue Per Year |                 |  |  |  |
|----------------------------------|-----------------|--|--|--|
| Year                             | Lodging/Bed Tax |  |  |  |
| Ramp Up Year                     | \$47,402        |  |  |  |
| Year One                         | \$55,350        |  |  |  |
| Year Two                         | \$58,667        |  |  |  |
| Year Three                       | \$62,185        |  |  |  |
| Year Four                        | \$65,916        |  |  |  |
| Year Five                        | \$68,540        |  |  |  |

Based on a current minimum 3% Transient Lodging Tax in the state of Minnesota.

| Real Estate Tax Revenue Per Year (Based on Estimates) |                 |  |  |  |
|---|-----------------|--|--|--|
| Year  | Real Estate Tax |  |  |  |
| Ramp Up Year  | \$247,231       |  |  |  |
| Year One  | \$247,231       |  |  |  |
| Year Two  | \$247,231       |  |  |  |
| Year Three  | \$247,231       |  |  |  |
| Year Four   | \$247,231       |  |  |  |
| Year Five   | \$247,231       |  |  |  |

This information does not account for the collateral economic impact as well. There are many collateral economic impacts that can be accounted for. Additional revenue (and usage) from your sewer, water, trash disposal, utilities and so on all noted in the Pro Forma. The construction period can also promote additional economic growth. All of these add up and vary.

## **Indirect Economic Impact Estimates**

When considering the potential Indirect Economic Impact of a new hotel in the community, you look at the spending of the guest within the community. For the purpose of this summary, we have identified the potential spending on food/dining. This does not take into consideration any taxes increased by said purchases. Below you will find the average rooms sold each year for the potential hotel project:

| Rooms Sold Per Year Average |           |            |  |  |  |
|-----------------------------|-----------|------------|--|--|--|
| Year                        | Occupancy | Rooms Sold |  |  |  |
| Ramp Up Year                | 58.5%     | 11,524     |  |  |  |
| Year One                    | 65.0%     | 12,804     |  |  |  |
| Year Two                    | 66.9%     | 13,188     |  |  |  |
| Year Three                  | 68.9%     | 13,584     |  |  |  |
| Year Four                   | 71.0%     | 13,991     |  |  |  |
| Year Five                   | 72.4%     | 14,271     |  |  |  |

Taking this into consideration, the estimates of rooms sold each day can be found below:

| Average Rooms Per Night Sold |    |  |  |  |  |
|------------------------------|----|--|--|--|--|
| Ramp Up Year                 | 32 |  |  |  |  |
| Year One                     | 35 |  |  |  |  |
| Year Two                     | 36 |  |  |  |  |
| Year Three                   | 37 |  |  |  |  |
| Year Four                    | 38 |  |  |  |  |
| Year Five                    | 39 |  |  |  |  |

The average cost of food in the United States of America is \$45 per day. Based on the spending habits of previous travelers, when dining out an average meal in the United States of America should cost around \$18 per person. Breakfast prices are usually a little cheaper than lunch or dinner. The price of food in sit-down restaurants in the United States of America is often higher than fast food prices or street food prices. The total estimated indirect food revenue in your community is estimated\* to be around:

| Average Indirect Food Revenue Per Day |         |  |  |  |  |
|---------------------------------------|---------|--|--|--|--|
| Ramp Up Year                          | \$1,421 |  |  |  |  |
| Year One                              | \$1,579 |  |  |  |  |
| Year Two                              | \$1,626 |  |  |  |  |
| Year Three                            | \$1,675 |  |  |  |  |
| Year Four                             | \$1,725 |  |  |  |  |
| Year Five                             | \$1,759 |  |  |  |  |

| Average Indirect Food Revenue Per Year |           |  |  |  |
|--|-----------|--|--|--|
| Ramp Up Year                           | \$518,565 |  |  |  |
| Year One                               | \$576,183 |  |  |  |
| Year Two                               | \$593,469 |  |  |  |
| Year Three                             | \$611,273 |  |  |  |
| Year Four                              | \$629,611 |  |  |  |
| Year Five                              | \$642,203 |  |  |  |

<sup>\*</sup> Based on the assumption of one person per room night sold.

Based on this information, it can be assumed this additional revenue will also create indirect food service jobs. When considering the additional food revenue into your community, industry standards states that around 30% of revenue goes towards labor. Based on the amount of additional revenue, this would bring in the following amount of full-time equivalent jobs\*:

| Average Indirect Food Service Jobs Needed |      |
|---|------|
| Ramp Up Year                              | 8.4  |
| Year One                                  | 9.3  |
| Year Two                                  | 9.6  |
| Year Three                                | 9.9  |
| Year Four                                 | 10.2 |
| Year Five                                 | 10.4 |

<sup>\*</sup> Based on 32 hours a week and the median average base hourly rate of Food Service Workers of \$11.12 per hour, at the time of this report according to www.payscale.com.

Entertainment and activities in the United States of America typically cost an average of \$45 per person, per day. This includes fees paid for admission tickets to museums and attractions, day tours, and other sightseeing expense.

| Average Indirect Entertainment/Activities Revenue Per Day |         |
|---|---------|
| Ramp Up Year  | \$1,421 |
| Year One  | \$1,579 |
| Year Two  | \$1,626 |
| Year Three  | \$1,675 |
| Year Four   | \$1,725 |
| Year Five   | \$1,759 |

| Average Indirect Entertainment/Activities Revenue Per Year |           |
|--|-----------|
| Ramp Up Year   | \$518,565 |
| Year One   | \$576,183 |
| Year Two   | \$593,469 |
| Year Three   | \$611,273 |
| Year Four  | \$629,611 |
| Year Five  | \$642,203 |

<sup>\*</sup> Based on the assumption of one person per room night sold.

Based on this information, it can be assumed this additional revenue will also create indirect tour guide or tourism industry jobs. When considering the additional food revenue into your community, industry standards states that around 25% of revenue goes towards labor. Based on the amount of additional revenue, this would bring in the following amount of full-time equivalent jobs\*:

| Average Indirect Entertainment/Activities Jobs Needed |     |
|---|-----|
| Ramp Up Year  | 5.2 |
| Year One  | 5.8 |
| Year Two  | 5.9 |
| Year Three  | 6.1 |
| Year Four   | 6.3 |
| Year Five   | 6.4 |

<sup>\*</sup> Based on 32 hours a week and the median average base hourly rate of Tour Guide of \$15 per hour, at the time of this report according to www.salary.com.

The average person spends about \$21 on alcoholic beverages in the United States of America per day.

| Average Indirect Alcoholic Beverages Revenue Per Day |       |
|--|-------|
| Ramp Up Year   | \$663 |
| Year One   | \$737 |
| Year Two   | \$759 |
| Year Three   | \$782 |
| Year Four  | \$805 |
| Year Five  | \$821 |

| Average Indirect Alcoholic Beverages Revenue Per Year |           |
|---|-----------|
| Ramp Up Year  | \$241,997 |
| Year One  | \$268,885 |
| Year Two  | \$276,952 |
| Year Three  | \$285,261 |
| Year Four   | \$293,818 |
| Year Five   | \$299,695 |

<sup>\*</sup> Based on the assumption of one person per room night sold.

Based on this information, it can be assumed this additional revenue will also create indirect bartender jobs. When considering the additional alcoholic beverage revenue into your community, industry standards states that around 30% of revenue goes towards labor. Based on the amount of additional revenue, this would bring in the following amount of full-time equivalent jobs\*:

| Average Indirect Bartender Jobs Needed |     |
|--|-----|
| Ramp Up Year                           | 4.0 |
| Year One                               | 4.4 |
| Year Two                               | 4.5 |
| Year Three                             | 4.7 |
| Year Four                              | 4.8 |
| Year Five                              | 4.9 |

<sup>\*</sup> Based on 32 hours a week and the median average base hourly rate of a bartender of \$11 per hour, at the time of this report according to www.salary.com.

The average price for Tips and Handouts in the United States of America is \$12 per day. The usual amount for a tip in the United States of America is 10% - 20%.

| Average Indirect Tips/Handouts Revenue Per Day |       |
|--|-------|
| Ramp Up Year                                   | \$379 |
| Year One                                       | \$421 |
| Year Two                                       | \$434 |
| Year Three                                     | \$447 |
| Year Four                                      | \$460 |
| Year Five                                      | \$469 |

| Average Indirect Tips/Handouts Revenue Per Year |           |
|---|-----------|
| Ramp Up Year                                    | \$138,284 |
| Year One  | \$153,649 |
| Year Two  | \$158,258 |
| Year Three                                      | \$163,006 |
| Year Four                                       | \$167,896 |
| Year Five                                       | \$171,254 |

<sup>\*</sup> Based on the assumption of one person per room night sold.

Based on this additional revenue being paid, the increase in both food, beverage, and entertainment/activity, service worker's hourly wage would increase substantially in the market.

## Conclusion

For the purposes of this Comprehensive Hotel Market Feasibility Study, Core Distinction Group LLC offers an overview and overall description of the conclusion and recommendations found through its research and analysis. This section will contain:

Current Hotel Segment Recommendations for Market Studied

Current Hotel Size Recommendations for Market Studied

Recommended Sleeping Room Configuration for Market Studied

Current Economic Impact of Hotel for Market Studied

## Conclusion and Recommendations

Property segment recommended for the potential development of a hotel is an Upper Midscale hotel. This type of hotel would allow the property to be positioned properly at the subject site. It is anticipated that a new hotel would capture displaced Lodging Demand currently staying in markets surrounding Waseca, MN. Additionally, the newness of the hotel should be well received in the marketplace. It's location will be ideal to serve Waseca and regional markets. This type of hotel would also be capable of adjusting rates to best fit the demand in the market and the seasonality of the area.

Property size recommendation of a newly developed hotel was researched to be between 45-55 guestrooms in this report. This would position it to be smaller in size to the average room size of 62-65 noted by the competitive set in the overall regional market surveyed. The size would assist the property in achieving the Occupancy projections listed in this report. It is not advisable to over-build in this market at this time. Expansion of the hotel in future years could be considered as the market's Lodging Demand grows. Adjusting the room count will modify Performance.

The recommended Sleeping Room Configuration should be compatible with the overall Market Segmentation of the area. The property should offer a comparable selection of guestrooms with both single occupancy king bedded rooms to double occupancy double queen bedded guestrooms.

Economic Impact Potential: There are multiple economic impacts of building and developing a new hotel in a community. Some direct impact drivers include projected hotel revenue including all room revenues, meeting room revenue, as well as vending/bar revenue. On average, this size property will create 8-12 full time jobs. Part-time employment varies by hotel need and hiring practices. Additional economic development will include taxes, which include all sales taxes collected on hotel revenue, as well as all payroll related taxes collected from full-time hotel employees and temporary construction workers. Local governments will also collect new property taxes from the operation of the hotel. Indirect impact includes all jobs and income generated by businesses that supply goods and services to the hotel. A few examples of businesses that will indirectly benefit from the development of a hotel include suppliers of room related goods (housekeeping supplies, room amenities, etc.), telecommunication vendors (internet, cable, etc.), utility companies, food and beverage suppliers, and other hotel related vendors.

## **Understanding Terms**

For the purposes of this Comprehensive Hotel Market Feasibility Study, Core Distinction Group, LLC has taken the time to offer detailed definitions of words and terms highlighted throughout this report. This section contains the information to help readers navigate industry terms.

## **Understanding Terms:**

Below you will find definitions of industry terms used throughout this report to help the reader gain an understanding of certain phrases and indicators:

## Average Daily Rate (ADR)

A measure of the average rate paid for rooms sold, calculated by dividing room revenue by rooms sold. ADR = Room Revenue / Rooms Sold

## Chain Scale

Chain Scale segments are grouped primarily according to actual average room rates. An independent hotel, regardless of average room rate, is included as a separate Chain Scale category. The Chain Scale segments are: Luxury, Upper Upscale, Upscale, Upper Midscale, Midscale, Economy and Independent.

## Competitive Set (Comp Set)

A peer group of hotels that competes for business and is selected to benchmark the subject property's performance.

## **Date-To-Date Comparison**

Comparison of daily performance by actual calendar date (1st of January this year vs. 1st of January last year).

## Day-To-Day Comparison

Comparison of daily performance by day of week (Monday this year vs. Monday last year).

#### **Demand**

The number of rooms sold in a specified time period (excludes complimentary rooms).

## **Group Rooms**

Typically defined as 10 or more rooms per night sold, pursuant to a signed agreement. Refer to Data Reporting Guidelines for more specific application.

## **Understanding Terms (Continued):**

#### Index

Measures a hotel's performance relative to an aggregated grouping of hotels (i.e., competitive set, market or submarket). We utilize indexes to measure performance in three key areas: Occupancy, ADR and RevPAR. An index of 100 means a hotel is capturing a fair share compared to the aggregated group of hotels. An index greater than 100 represents more than a fair share of the aggregated group's performance. Conversely, an index below 100 reflects less than a fair share of the aggregated group's performance.

## Occupancy (OCC)

Percentage of available rooms sold during a specified time period. Occupancy is calculated by dividing the number of rooms sold by rooms available. Occupancy = Rooms Sold / Rooms Available

## Revenue Per Available Room (RevPAR)

Total room revenue divided by the total number of available rooms. Room Revenue/Rooms Available = RevPAR

#### **Total Revenue**

Revenue from all hotel operations - including rooms, Food and Beverage, other revenue departments (i.e., spa, golf, parking) and miscellaneous revenue (i.e., rentals, leases, resort fees and cancellation fees).

## Year to Date

Period starting at the beginning of the current year and ending on the current date.

## **Understanding Terms (Continued):**

Hotel Types - Hotel classifications are driven primarily by building structure and, secondarily, by service level. Hotel types include:

All-Inclusive: Property with rooms sold only as a complete package, bundling overnight accommodations and value-added amenities and services (i.e., food, beverage, activities and gratuities, etc.)

All-Suite: Property with guestroom inventory that exclusively consists of rooms offering more space and furniture than a typical hotel room, including a designated living area or multiple rooms.

B&B/Inn: Independently owned and operated properties that typically include breakfast in the room rates, 20 rooms or fewer and a resident/owner innkeeper.

Boutique: Hotel that appeals to guests because of its atypical amenity and room configurations. Boutiques are normally independent (with fewer than 200 rooms), have a high average rate and offer high levels of service. Boutique hotels often provide authentic cultural, historic experiences and interesting guest services.

Condo: Individually and wholly-owned condominium units. Inventory is included in a rental pool operated and serviced by a management company.

Conference Center: Lodging hotel with a major focus on conference facilities.

Convention Center: Property with a minimum of 300 rooms and large meeting facilities (minimum of 20,000 square feet).

Destination Resort: Property that appeals to leisure travelers, typically located in resort markets, and considered a destination in and of themselves with extensive amenity offerings. These properties are typically larger and full-service.

Extended Stay: Properties typically focused on attracting guests for extended periods. These properties quote weekly rates. The typical length of stay average for guests is four to seven nights.

Full Service Hotel: Typically Upscale, Upper Upscale and Luxury properties with a wide variety of onsite amenities, such as restaurants, meeting spaces, exercise rooms or spas.

Gaming/Casino: Property with a major focus on casino operations.

## **Understanding Terms (Continued):**

Hotel Types - Hotel classifications are driven primarily by building structure and, secondarily, by service level. Hotel types include:

Golf: Property that includes a golf course amenity as part of its operations. A property does not qualify if it only has privileges on a nearby course.

Hotel/Motel: Standard hotel or motel operation.

Limited Service: Property that offers limited facilities and amenities, typically without a full-service restaurant. These hotels are often in the Economy, Midscale or Upper Midscale class.

Lifestyle Brand: Group of hotels operating under the same brand that is adapted to reflect current trends

New Build: Property built from the ground up, not a conversion of a building that was not previously a hotel.

Ski: Property with onsite access to ski slopes.

Soft Brand: Collection of hotels that allows owners and operators to affiliate with a major chain while retaining their unique name, design and orientation.

Spa: Property with an onsite spa facility and full-time staff offering spa treatments.

Timeshare: Property that typically is a resort condominium unit, in which multiple parties hold property use rights, and each timeshare owner is allotted a period of time when the property may be used.

Waterpark: An indoor or outdoor waterpark resort with a lodging establishment containing an aquatic facility.

# **LEADERSHIP**

## **LISA PENNAU**

Mrs. Pennau offers more than 25 years of hospitality industry experience. She began in the industry as a rental car agent at the airport in Oshkosh, Wisconsin where she worked while completing her degrees in both hospitality management and sales & marketing at the local college. Lisa moved on to work as a manager in training for Super 8 hotels in Wichita, Kansas and quickly was promoted to general manager of a Super 8 in Omaha, Nebraska. She was recruited by Baymont to become a traveling manager and served several distressed Midwest properties until moving on to work for Hilton as a General Manager at a Hampton Inn Minnetonka, MN. When that hotel sold, Lisa was promoted by the new owners to Regional Director of Operations for Pillar Hotels overseeing 25+ Midwest hotels, in both both rural and metropolitan markets, including Minnesota, Wisconsin, Illinois, Iowa, North Dakota, and South Dakota. During her 10 years as Regional Director of Operations, Lisa oversaw multiple brands such as: Choice, Hilton, Hyatt, IHG, and Marriott. In her final year with Pillar she received the highest honor of Regional Director of the Year for Highest Performing Hotels in all capacities including, revenue, operations, guest service score, turnover. etc.

## **JESSICA JUNKER**

Miss Junker offers more than 18 years of hospitality industry experience. From her beginning in the industry as a banquet server at a full-service hotel in downtown Green Bay, Wisconsin, to overseeing that very property as the manager in only a couple of years. Jessica moved on to work as a Director of Sales at a Residence Inn by Marriott, Area Director of Sales with Interstate Hotels. and Regional Director of Sales and Marketing with Pillar Hotels working on Sales, Marketing, and Revenue Management of anywhere between 15 and 52 hotels with every major and not so major brand in the country. After learning everything she needed about running a hotel, she set her sights on what happens before a hotel is built. She worked in many separate executive roles within an up-and-coming hotel franchise. Miss Junker offers hands-on expert knowledge in hotel operations, sales, marketing, training, contracting, development, construction, really all things hotels. She gained this knowledge from industry leaders like Marriott, Hilton, InterContinental Hotels Group, Choice Hotels, TMI Hospitality, Interstate Hotels, Pillar Hotels & Resorts, Cobblestone Hotels, Wyndham Hotels & Resorts, and many more.

# SCOPE OF WORK

Core Distinction Group takes immense pride in the work we do. Throughout each phase of our projects we communicate with our clients regularly. This ensures everyone involved in the project is up-to-date on the progress. We also keep a very tight timeline on our projects. Each phase is well thoughtout and followed consistently. The objective of our studies are to identify and determine the need for lodging in the community, the loss of lodging to the area due to lack of quality or amount of lodging, as well as determine if there is enough need to justify a new hotel. A new hotel that makes good business sense. Below you will find each part and its timing in the process:

## **RESEARCH & COMMUNITY OUTREACH**

This phase involves speaking with community leaders to compile a list of potential demand generators in the local and regional community. Research and Community Outreach is conducted within the first one to two weeks following receipt of the retainer. completion.

## SITE VISIT & COMMUNITY INTERVIEWS

This phase involves an in-depth local tour given by community leaders to help Core Distinction understand said community and need for lodging. The tour also includes a detailed analysis of as industry trends to help us gain a potential sites for the project.

## **COMMUNITY INTERVIEWS**

This phase involves conducting online and phone interviews with potential demand generators gathered during the Research and Community Outreach of the study process. This phase will take place in the first two weeks of the study process.

## DATA COMPILATION

This phase of the process involves compiling all the data gathered during our visit to gain the overall picture of what is needed for the community. This phase is conducted in the two weeks following our community visit

## \*DATA RECEIVING & REPORTING

Once all the demand generator information is gathered. Core Distinction Group begins pulling industry data for target market as well better understanding of the local and regional opportunity areas.

## **COST GATHERING**

This involves all things cost. Core Distinction Group gathers actual cost for the development, construction, financing, taxes, and all other ongoing costs associated with the specific project.

## PROJECT PRO FORMA

Immediately following Development and Operational Cost Gathering, Core Distinction Group will construct a project, brand, market, and scale specific Pro Forma that is bank, investor, brand and developer friendly.

## DRAFT COMPLETION/SUBMITTAL

After Core Distinction has conducted all previous phases, we complete a draft of the study and financial pro forma and submit it for review by the contracted entity. Changes to the study may be made at this point but are limited to spelling and grammar updates.

## **FINAL**

After all requested changes are made and final payment is received, Core Distinction Group will submit a final draft of the Hotel Market Feasibility Study and Brand Specific Pro Forma to the community for distribution.

\*If at this point, Core Distinction Group does not feel there is enough need for lodging to merit the costs of a new build hotel, we will stop the process, communicate with the community and offer alternative options for accommodations. If this happens, the contracted entity is not responsible for the remaining study costs highlighted in (Cost) and will receive a report indicating the reasoning behind the decision.

#### **DISCLAIMER**

Thank you for the opportunity to complete this market and feasibility study for the proposed hotel project located in Waseca, MN. We have studied the market area for additional demand for a lodging facility and the results of our fieldwork and analysis are presented in this report. We have also made recommendations for the scope of the proposed project, including general site location, size of hotel, and brand segment.

We hereby certify that we have no undisclosed interest in the property and our employment and compensation are not contingent upon our findings. This study is subject to the comments made throughout this report and to all assumptions and limiting conditions set forth herein.

The conclusions presented in this report are based upon the information available and received at the time the report was filed. Core Distinction Group, LLC (CDG) has taken every possible precaution to evaluate this information for its complete accuracy and reliability. Parts of this report were prepared or arranged by third-party contributors, as indicated throughout the document. While third-party contributions have been reviewed by CDG for reasonableness and consistency to be included in this report, third-party information has not been fully audited or sought to be verified by CDG. CDG does not provide financial advice.

It should be understood that economic and marketplace conditions are in constant change. The results presented in this report are the professional opinion of CDG and are based on information available at the time of the report preparation. These opinions infer that market conditions do not change the information received upon which those opinions have been based. CDG assumes no responsibility for changes in the marketplace. CDG assumes no responsibility for information that becomes outdated once this report is written; nor are we responsible for keeping this information current after the date of the final document presentation.

CDG makes no express or implied representation or warranty that the contents of this report are verified, accurate, suitably qualified, reasonable or free from errors, omissions or other defects of any kind or nature. Those who rely on this report do so at their own risk and CDG disclaims all liability, damages or loss with respect to such reliance.

It is presumed that those reading this report understand the contents and recommendations. If this reader is unclear of understanding the contents, clarification can be received directly from a representative of CDG. While the terms of CDG's engagement do not require that revisions be made to this report to reflect events or conditions which occur subsequent to the date of completion of fieldwork, we are available to discuss the necessity for revisions in view of changes in the economic climate or market factors affecting the proposed hotel project.

Please do not hesitate to call should you have any comments or questions.

Sincerely,

Core Distinction Group, LLC
