## TERMS AND CONDITIONS

All information for the requested rebate as well as the customer signature must be completed. Only complete applications will be processed. A copy of the invoice/contract must be provided with the completed application and must contain customer name, installation address, and installation date, as well as total cost, new furnace or ECM (for motor replacements) make, model and serial number. Customers must apply for rebates within three months of the purchase date shown on the invoice/contract. The rebated equipment must be installed where electric service is provided by the Utility on a retail basis. The Utility reserves the right to conduct random inspections to verify installation of the rebated equipment at the installation address indicated on the first page of this form. This program is offered January 1 through December 31 of the respective calendar year. Due to limited funding, this rebate offer can be withdrawn at any time without notice, and is available on a first-come, first-served basis. After satisfactory review of the rebate form and other required documentation, a bill credit will be issued to the customer. Please allow 60 days from the receipt of this form for the delivery of the bill credit. The Utility does not guarantee that the implementation of energy-efficiency measures or use of the equipment purchased and installed pursuant to this program will result in energy or cost savings. The Utility does not endorse any particular vendor, manufacturer, or product, and makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warranty of merchantability or fitness for purpose. In no event shall the Utility be liable for any incidental or consequential damages.

# 2018 Residential Efficient Furnace Fan Motor Rebate Application

## Qualifying Equipment:

### New Furnace Installations

Qualifying furnaces must be new and equipped with an Electronically Commutated Motor (ECM), Advanced Main Air Circulating Fan (AMACF), or equivalent. Qualifying furnaces are identified on the Air Conditioning, Heating, and Refrigeration Institute's (AHRI) Certificate of Product Ratings (found at [www.ahridirectory.org](http://www.ahridirectory.org)) as being equipped with an Electronically Commutated Motor or an Advanced Main Air Circulating Fan, or being an "e" Electrically Efficient Furnace. **A copy of the AHRI Certificate showing that information must accompany this application.** Please enter the AHRI Certified Reference Number (shown on the AHRI Certificate) in the table below.

### Furnace Fan Motor Replacements

The installation of an Electronically Commutated Motor (ECM) or equivalent in an existing furnace qualifies for a rebate. **In addition to submitting the documentation required in the program Terms and Conditions, documentation showing that the new motor is an ECM or equivalent must also accompany this application.**
