

MEMORANDUM

DATE: February 17, 2017
TO: Mayor & Council Members
FROM: Mike Anderson, Assistant to the City Manager
SUBJECT: City Manager's Report

BEWARE OF SCAMS

The City of Waseca urges residents to be cautious of services that help consumers manage their billing statements from various companies including their electric utility, that are not associated with the utility. They will sometimes use the utility's name/logo without making arrangements with the utility. Their website makes customers think they're paying the utility, but they are not. The companies might state they are forwarding the payment on to the utility, but payment can be delayed – resulting in late payments to the utility.

The only way to ensure your utility bill is being paid is by making them directly to the City. Only use the Cities website to access payment services or in person at City Hall!
